Early this morning our 9 year old granddaughter whom we have adopted, told my wife that we had to get out of town and go far away. She said that Jesus told her. She said that something was going to happen to our house. She thought we were supposed to go to Utah and went to a calendar and looked through it and pointed to June the 18th as the day Jesus told her we needed to be far away after that day. This child has never done anything even remotely close to this before.

She wanted to take her cousins with us and was worried for them and other family. I will be in Utah that week since I set my own times for traveling there on business with Jiffy Lube. As most of you know we live in Salem, Oregon. **It is interesting that 600 earthquakes have taken place off the coast of Newport and it is believed that there is a Volcano forming.** I am preparing my vehicle with a cleanable air filter so that I can keep the engine breathing in the event of ash. I have a few boxes of masks and all my gear packed in the back of my van and enough gas to get to Sanpete county. I am on red alert. I felt the Spirit as I had my 9 yr old tell me the story.
