

Jim Cramer: "Bear Stearns is Fine!"

Thursday, 17 April 2008 14:41

This video below is an example on why we should never, ever rely on the arm of flesh. Because in the end, they will always fail you. Just days before Bear Stearns had their bank run, with people rushing to get their money out, we have Jim Cramer saying that the company is doing just fine. What a joke! You've gotta see this one!
